Good afternoon.

Attached please find my attempted deficiency corrections and a Motion for Extension of Time.

I apologize that the Motion for Extension is attached as 2 separate pages (named as such), but I couldn't get them merged quickly and wanted to get these documents to you.

I also apologize that the transcript request for the lower Court is included in one of the .PDFs. I've already emailed that transcript request separately and copied you on the correspondence. Please disregard this copy which was erroneously scanned with my Amended Notice and Proofs of Service.

Thank you for all your help.

Respectfully,
Mary Griffith
