Sandtario Poole, 360120	)	Appellate Case #23-001756
Appellate	)	
Vs	)	MOTION: For Informa
The SC. Dept. of corr.	)	Pauperis
Respondent	)	

On Certiorari to court of appeals; from ALC.

\*\*\*\*\*

I the appellate pro se, respectfully moves this court, for informa pauperis, to proceed on certiorari from the SC Court of appeals. My brief on appeal has already been filed. I received notice from the clerk, that \$250.00 filing fee must be paid, on 11/20/23.

1 I submit that I am an inmate in the SCDC, and am below the poverty level, and I cannot afford the filing fee.

2 I submit that this certiorari, is because I could not afford the filing fee in court of appeals, and motion was denied.

3 I submit that this case is from an administrative court (ALC) order, from grievance, that was summarily granted without support from evidence, and in plain error of law.

4 I futher submit that I am being denied a review of the ALC (excutive branch) order, by the Judicial Branch of goverment, simply because I dont have the money to pay for it. I beleive the case has merit, and i will prevail.

Conclusion

Wherefor I pray that this court will waive filing fees, and review by way of certiorari, the lower court orders.
