Greetings,

We attempted to file two motions on Friday but were turned down by the Clerks in the court of common pleas in Berkeley County. They claim they cannot file anything from us because the case is not in their court system anymore. I wanted to confirm if that's true and if so do I have to travel back to Columbia to file my motion with the court of appeal?

I can be reached at 843-442-3455

Thank You
