South Carolina Court of Appeals

To Whom It May Concern: I Was Notify By My Attorney WILL E. Grove. To Explain any Issues that I feel are Appealable. I Kendall M. Baccus Was Sentence to Twenty (20) years in Prison for ATtempt Murder Case No. 2013-000905. The Thing Is I Never Received My Motion Discovery I didn't know what ALL There Was against Me in my Case. My Lawyer Mr. Grove insured me There Where enough, But I ask How Come I didn't see what Evidence in my Case. Along with why the Judge William H. Seals Jr. Said he Sentence Me To Twenty (20) years for so called I had 2) Two Assault Charges Which I didn't only a Simple assault When I Was 14) years old in School There Where Never Two Charges against me Plus I was Never lock'd up for it only Community Service 60 hrs. This Was The Only Trouble I've Been In Since First Time Being in The Court system ever. Im 20) Twenty years old, And There Where alot of Misunderstandings. I Was Being Seen By Mental health doctors That Was Never Brought To The Court ATTentions.

I ask that your courts look into hearing what I've wrote along with giving me a chance to return or reduce my sentence of 20) Twenty years to better judgement. Ask I wrote before I still haven't received my court transcript yet but I went on to say what I felt was noticeable. There maybe more at this time this is all I can point out.

Sincerely Thank you
Very much,
Kendal B...
