Motion Too Stay

Request is being made by Yasheemah Law in hopes for Motion Too Stay until the case is heard before The Honorable Judge in The Court Of Appeals. I, Ms. Law did everything that was required of me as a tenant in a timely manner to still end up here. I am on the government subsidy housing program (section 8) and was informed by my case manager that I could not seek for further housing until this is resolved in court determining whether I'd remain on their program or whether I'd be terminated from their program. With the holidays shortly approaching and with me also being out of work from having two major surgeries my children and I would have no place to go and would be forced to stay out in the cold. My Doctor just released me to return to work with certain limitations on Friday, December 15, 2023. I am now seeking employment as my previous employer had certain job obligations that needed to be filled and due to my lengthy time off because of the unexpected second surgery I had to be rushed into, that position needed to be filled. I am seeking this Motion while I (a single mother) try to find a safe haven for my children even if I myself, have to stay out in the cold.
