Docket No:

16-AHJ-09-0317-AP

Appeal of
Administrative
Court

Jan, 23, 2024

1) Here come the Plaintiff, Nicholas Boan, in the above case, asking that this court grant an appeal of this case on several grounds in which the Administrative Court ruled that a prison enacted by the legislature applied to my case when in fact this prison wasn't enacted until August 2007, in which I worked before it took effects

2) I ask the Supreme Court / Court of Appeals grant my appeal of the Administrative Court's decision, and review the record itself.

(1)

3.) Also in reviewing the Lorraine case, the court stated, an appellate court may reverse the decision of the AHC where it is in violation of the statutory provision or it is affected by an error of law,

4.) Under section 29-3-430 (D) no inmate participating in the program may earn less than the prevailing wage for work of a similar nature in the private sector, therefore the AHC decision goes against the statute and the ruling of law decided by this court. This provision was enacted in 1995, and no case statute applied while I worked therefore I should be granted back wages, overtime, interest, and worker compensation.

5.) Therefore I ask this court
to overturn the AHC's decision
based on the law, and this court's
decision in the Lawrence case.
