RE: Apology for Partial Content in Motion to Seal Lower Case in Case #2023-001649

February 2, 2024

RECEIVED

Feb 02 2024

SC Court of Appeals

To the Judge and/or Clerk deciding my case events:

I apologize for the pleading that I wrote when I was upset yesterday, which mentioned a government employee in the context of my complaints about the Defendant's defamation against me. I didn't mean to mention that.

The lower case still being online ended up temporarily convenient for me to organize what needs to be argued — and what exactly he had filed where. Some of the statements and filings by the Defendant I've referred to are in an action or other actions that are already hidden.

I do believe the lower action needs to be hidden soon if my prompt objections, which have taken a long time because of the volume of the Defendant's malfeasance, are not filed somehow in lower court case. I am, however, sorry for what I mentioned, which isn't relevant in the context of the request to seal an action the official mentioned wasn't directly involved in. That cannot be my focus.

Please forgive me. I will amend the motion, or get someone to amend it, so that this can get straightened out. I'm sorry that I'm upset and out of my depth.

Respectfully,

Mary A. Griffith
