2. Rule 526), SCRCF ofRule 526), SCRCF.

## STATEMENT OF ISSUES ON APPEAL

- 1) Did the circuit court and the probate court both err in failing to complete fact finding of the evidence that was presented in violation of Rule 52 (a), SCRCPP, by failing to make separate findings of fact of missing testimony, closing arguments, and evidence submissions? (R. p. 16, p. 28-30, 36)
- 2) Did the circuit court err by accepting without review the lower court order and not completing any additional "finding of fact" even after the Appellant stated to the judge that "I didn't get to testify" which is the basis of the complaint that Rule 50, Rule 52, Rule 19 SCRCPP were all violated due to the failure of the Probate Court to allow Evidence to be submitted during the steps. The court did not allow closing arguments, no testimony, and skipped the submission of evidence stage of the hearing? (R. p. 16, p. 28-30, 36)
- 3) Did the circuit court err in failing to remove Mrs. Ogbuneke or assign Cosigning/Co Personal Representative rights to Mr. Joe L. Adams Jr. as Co personal representative of Decedent's estate when Mrs. Ogbuneke allegedly misrepresented the facts of Application for Personal Representative and Falsified the information on the Application that Mr. Joe L. Adams had any type of Guardian appointed? (R. p. 69, 72, 112)
- 4) Did the Circuit Court err in concluding that the Probate Court Order was correct without error and did not do any Finding of Fact as Mrs. Ogbuneke has also committed "Credit Card Fraud against Joe L. Adams Sr." when the credit reports from the agencies were available in court on the day of the Probate Hearing and the Appeals Trial on February 1 2022. (R. p. 43-46 ) (R. p. 155-163)
- 5) Did the Probate Court err by not allowing any submission of evidence in violation of Rule 50, Rule 52, Rule 19 SCRCPP but as to preserve the evidence all files have been properly proffered in care of the York County Courthouse were all the original receipts and files are located. (R. p. 87, 111 )
- 6) Did the circuit court err in concluding that Joe L. Adams Jr. was not entitled to Cosigning and/or Co Responsible party appointment with out proper "Finding of Facts" even after the Mrs. Ogbuneke failed to file the proper Appointment Notification to heirs and Devices paperwork with the court within the 30 days of her appointment. (R. p. 101-107)
- 7) The appointment was made in March and we didn't go to court until August and it still had not been filed and Mrs. Ogbuneke lied to Judge Woodruff that she turned all the business of probate over to

- her Attorney to file the notification, and then her Attorney ask her to file the paperwork herself in open probate court on August 31, 2021? (R. p. 109-110)
- 8) Did the circuit court err in concluding that Joe L. Adams Jr. was not entitled to any relief for the constant harassment and bringing the police to the the estate without notice even after 3 events of unannounced appearances with 3-4 cars of Rock Hill Police officers, court officials and others without proper findings of fact? (R. p. 297, 311, 312, 313, 314-318)
- 9) Did the Circuit Court erred on its decisions not to conduct Finding of Fact for the claims that the Appellant made to the court on record that he was "not allowed to testify" as the evidence proves that there is no record of evidence submissions during the hearing although all the evidence was present. (R. p. 16, p. 28-30, 36)
- 10) Appellant contends that because all evidence had not been submitted and the court was in the middle of calling additional witnesses that the court erred in its decisions to approve the "Direct Verdict" because Mr. Adams Jr. (Appellant) had not had a chance to testify but was only allowed to only questions and was denied closing arguments and evidence submittal stages as outlined in the Steps of Civil Hearing process. (R. p. 117-121)
- 11) Did the Circuit Court err in its decision to deny Finding of Facts in the case as Appellant contends that all evidence was in the court room at the time of the probate trial but Judge Woodruff kept stating that there would be a chance to submit the evidence during Closing Arguments and or later in the case but never did. (R. p. 87, 111) (R . p . 87 Line 15 – 20)
- 12) Appellant contends that due to the error in the first Trial which was the basis for the first appeal, the mistake that was made was inherited into the second appeal because the Judge did not take time to review the case and see all the evidence that has been preserved at the York Courthouse under the below listed file numbers. (R. p. 87, 111 )
- 13). Did the circuit court err by accepting the defense explanations even though there were objections regarding the absence of testimony and the absence of evidence submittals during the initial probate hearing? (R. p. 16, p. 28-30, 36)
- 14). Did the circuit court judge err because it was his first admitted probate hearing and he did not have any of his documentation and was not aware of the case content? Did the Judge accept the lower

courts opinion on the order because he was a new judge and didn't know how to judge the case or the procedure? (R. p. 23 lines 1- 10, p. 21-25)

15). Did the Circuit Court err when the court decided to give Mr. Joe L. Adams Jr. "One Shot" and he explained that he "Never Got to Testify" by not investigating the claims and not doing any "Finding of Facts" to see if the claims were true? (R. p. 16, p. 28 line 23 p. 30, 36)

## Statement Of the Case

Joe L. Adams Sr. passed away on February 12, 2021 of infection from ulcers that claimed his life. Mr. Adams left a will that appointed Betty Ogbuneke as the personal representative of the estate. Mr. Adams willed both his children by Betty Adams equal shares at 50% of all of his assets. During the months following Mr. Adams death his son (Joe L. Adams Jr.) and (Betty Ogbuneke) were living in different states and did not always talk or have communications. Mr. Joe L. Adams Jr. has been maintaining and living at the estate for 42 years of his life and is living there now.

This appeal was brought to the court regarding the Probate Court Hearing on August 31, 2021 by the Honorable Caroline Woodruff. The Appellant at the hearing explained that he does not wish to contest the will but he wanted the personal representative removed or be granted Cosigning Privileges regarding matters of the estate while being processed.

1. Appellant contends that during initial probate hearing that he was not allowed to present any of his evidence or testify to support his case..
  - a. The Appellant also states that he was not able to have a Closing Argument as the Judge Woodruff on several instances during the trial stated. (R. p. 87, 111, p. 59 lines 13 - 19)
2. The Appellant contends that during the hearing that he was instructed by Evelyn Rodas to bring any and all evidence to court with him and the notice also stated to bring the evidence to be reviewed by the court to the hearing.
3. The Appellant contends that during the course of the probate hearing Judge Woodruff explained that because the Appellant was Pro Se during the initial part of the Hearing that the Appellant can only ask questions. (R. p. 41, 50, 52, p. 59 lines 13 – 19, 61 lines 20-21)
4. Through the course of the Appellants questions the judge would stop the Appellant not allowing

him to finish his statement or tell the Appellant she already knew where he was going.

- a. The Appellant continued with the questioning and the Hearing changed stages and the Respondents Attorney was able to cross examine the witness that was called to the stand..
  - b. During that time the Appellant contends that the witness attorney was allowed to lead the witness and put words in her mouth on several instances as outlined by the transcripts. (R. p. 62, 104-110)
5. The Third stage of the hearing the judge spoke directly to the witness who is the Personal Representative Mrs. Betty Ogbuneke and discussed several issues where Mrs. Ogbuneke answered several questions and made several comments and accusations.
  - a. The Defense attorney was again allowed for a second time to cross examine the witness where he again led the witness to perjure herself from the previous conversation with the judge.. (R. p. 104-110)
6. The Appellant sat in wait on the time for the judge to allow for his testimony or for the time the judge kept referring to when the Appellant would be able to submit his testimony and evidence into record. (R. p. 87, 111, p. 59 lines 13 - 19)
7. The Defense attorney motioned for a Direct Verdict at that time and was granted the Direct Verdict without any closing argument.. (R. p. 111 lines 17-25)
8. The Respondent was Granted Direct Verdict without any of the evidence submitted by either himself or I and other evidence that was presented to the court was never settled and acknowledged but only alluded to by the judge. (R. p. 111 lines 17-25)
9. Appellant contends that in the Probate Case the Motion for Direct Verdict was premature and that all the evidence had not been presented or discussed..
10. The Appellant believes that because of the mistake that was made at the circuit court and the with the content of the order that court was in violation of Rule 50 SCRCP, and Rule 52. Appellant contends that he was also denied the right to testify on his on behalf.
11. The Appellant was denied every opportunity to speak out regarding all the money he had invested into the estates and all the taxes he solely paid over the 18 year plus this year.
12. The Appellant was stunned that the judge allowed the case to end so abruptly after she stated that "We need to rap this case up because the bailiff will be on overtime". (R. p. 87 Line 15 – 20)
13. Appellant felt It was not a fair trial so the Appellant decided to appeal the trial in hopes that since the evidence he brought to court was still good he would submit all of it to the clerk of court in

York SC where the all of it is preserved and proffered.

14. Appellant has provided file numbers of all the evidence submitted to the court.

15. Appellant has supplied the court with the initial transcript of the court hearing from the circuit court of appeals as well as the transcript from the Probate court of appeals.
16. The transcript information from Circuit Court was transcribed by the Transcripts Department of the South Carolina Courts, and the Probate Court Transcript was transcribed verbatim by Naegeli Trial and Deposition Inc.
  - a. All information contained in the transcripts are verbatim and the Appellant would like to use the information to show the where the court may have erred in its judgment or administration of the law during the hearing on August 31, 2021.
17. This initial mistake is what started a snowball of mistakes through the appeals process because the evidence and mistakes were never reviewed by the Circuit Court Judge who stated that he was not going to question the previous judges hearing and dismissed the appeal.
18. The Appellant through this document is trying to show that the trial was not conducted fairly and that the "motion for direct Verdict" was placed at the wrong time and should not have been accepted as none of the evidence from the Appellant was not reviewed or discussed by the court.
19. The judge did not allow the evidence during the trial and for a Direct Verdict according to rule 50 can only be obtained after all the evidence has been submitted and all evidence is submitted.

## STANDARD OF REVIEW

1. Judge ask the Appellant: *“Ok Mr. Adams, Im going to give you one shot here. Give me your argument as to why the probate court made a mistake”. Listen to me, okay? It has to be a legal error by the probate judge. You understand? I don’t want to hear new evidence. I don’t want to hear that kind , okay? I want what is the legal mistake you believe the probate judge made?”* (R . p . 28 L 23 – 25 p . 29 L . 1 – 5) (R . p . 29 . L . 1 – 5)
  - a. Appellant answered: *“she never let me testify” she never took – listened to any of my testimony. She never gave me a chance to present my evidence. Sot that was one of the points that I felt like she made a mistake”* (R . p . 29 . L . 6 - 17)
2. Appellant contends that the judge erred in not allowing the full extent of the evidence to be submitted and reviewed by the court especially since it contained credit card fraud and other violations committed against the estate by Mrs. Ogbunike. (R. p . 138 – 163)
3. Appellant contends that the problem with just accepting the case as it was that the judge inherited the same mistake and through the absence of question and finding of fact the Appellant contends that there was err.

**Page 14 (1-3)**

1. Appellant again complains to the court that the defense attorney has restricted conversation between us which would give us a chance to agree and get things done but we have not been allowed to speak in years.

**XV.**

**Page 14 (14-25)**

1. Appellant explains to the judge that he was never given a chance to testify but only call witnesses.
2. Appellant contends that in the transcript of the hearing that Judge Woodruff can be heard constantly telling the Appellant that the he would be given time to testify but he was never given this chance.
3. Appellant contends that defense counsel understood that there was not testimony taken but expected that the judge would not be aware of this being it was his first probate appeal. (R . p . 22-24)

**XVI.**

**Page 15 (4-24)**

1. Appellant contends that Appellant again ask for the cosigning privileges and to be allowed to cosign in protection of his lifetime investment.
2. Appellant pleads with the court siting that he has been living at the address for the last 17 years

**XVII.**

**Page 15 (12-24)**

1. Appellant pleads with the court sighting that he has “*invested all his lifetime savings while Mrs. Ogbuneke was able to go out and realize all of her dreams. She put her children through college, she’s been able to start a business, but I couldn’t do any of those because of the burden and financial responsibility of the estate*”. (R . p . 31 – 32)

**XVIII.**

**Page 15 (18-25)**

1. *Appellant pleads with the court and states: I’ve been keeping that estate for 17 long years cutting four acres of grass two times a week sometimes. Its been a tremendous burden. And Mrs. Ogbuneke has not helped me at all. 17 years of paying the taxes, she never paid any. The last taxes went all the way up to January 15<sup>th</sup>. She didn’t pay them either*”. (R . p . 31 – 32)
  - a. Appellant contends that he has contributed a huge investment into the maintenance and survival of the home and estate as well as all the property and dwellings. (R . p . 293 – 291)

- c. Appellant contends that he has sacrificed his life to take care of his parents till their transitions and continue to sustain the estate he grew up on and has lived for the last 19 years as well as was born at the location while *Mrs. Ogbuneka was not born at the estate as our parents were not married when she was born.*

**XIX.**

**Page 16 (10-17)**

1. Appellant contends that the court erred in its order as there was no testimony ever given the transcript shows that every time the Appellant tried to testify on any level he was denied the opportunity and sometime cut right off and not allowed to continue..
2. Appellant contends that he was never allowed to present the evidence of credit card fraud and all the other allegations and evidence that was not allowed to be presented during the trial in probate court, so because no new evidence is allowed, none of old evidence was considered in the old probate case and not considered in the appeal because the judge did not review or do fact finding during the session but inherited the same mistake.. (R . p . 138 – 163)
3. Appellant contends that Judge Woodruff never gave a chance for any evidence to be considered because none was ever allowed and no testimony was allowed nor were any closing arguments.

XX.

**Page 17 (1-25)**

1. Appellant confused and pleads with the judge to grant understanding but the judge did not.
2. Appellant contends that the court may have had this disposition because it was presented in court and without review and no finding of fact there was inherited err.
3. Appellant contends that the judge did not have any consideration of any of the evidence because through his own testimony earlier in the case he had not prepared for the case and had never heard a probate appeal as he stated to the defense.

Appellant contends that the attorney is gave false testimony to the court.

1. The Appellant contends that his father was admitted into the nursing home with Stage 4 Alzheimer and there was only select Long Term Care Facilities which limited the areas where Mr. Adams Sr. could get treatment..

**Page 9 (11-17) Rule 19, 50, 52**

Appellant contends that Mr. Corbet continued to deliver to the judge false testimony as that there was no estranged relationship.

1. The problem between me and Mrs. Ogbuneke is that she never wanted to help with any of the work to help keep the estate going. There were many more of them and no one ever helped cut the grass or help with projects to keep the estate in good condition. (R . p. 223 – 291)
2. Mrs. Ogbuneke started her nursing business from Mr. Adams account and continued to benefit and never do anything but take..
3. Mrs. Ogbuneke has never paid any taxes or helped with any of the financial or labor to keep the estate. That is the reason for the relationship issues.. (R . p. 122 – 132)
4. In fact there were not as many issues at all with our relationship until Mr. Corbett got involved as Mrs.. Ogbunekes attorney.
  - a. He has and continues to stand between any negotiation or verbal conversations between Mrs. Ogbuneke and myself so he can continue to run up an unnecessary bill believing everything that his client tells him and not once calling or emailing to see what can be done to resolve the problem..
  - b. I have expressed my desire to Mr. Corbett to have time to speak with Mrs. Ogbuneke but there have been no responses.. no positive feedback so I began to text and call even though I knew there may be a block.. I still did. (R . p. 23 – 26)
  - c. It bothers me that all this time has passed and I thought by now Mrs. Ogbuneke would have

just came to the house and said.. “Tiger lets me and you talk so we can get on the same page with this.. but it never happened.. instead there were police and people everywhere.. If we had

cosigning rights we would have a chance to agree and avoid surprises and community embarrassment.

Again Attorney making false claims to the court as everyone does not plan to go home from the nursing center sometimes as with my father there was no plan to return as in January of 2020 I tried to get my father brought back home trying to work with the nursing company to avoid covid and Mrs. Ogbuneke refused to allow the transfer stating that he may bring covid back and give it to everyone..

The condition Mr. Adams was in when he first went into the nursing center it was understood that he would continue to get treatment until his expiration due to him having Alzheimer's that would progress.

Appellant contends that Mr. Corbett is not being honest to the court as all the exhibits were sent to Mr. Corbett via hand delivery to his office in Chester SC. The Respondent has provided Mr. Corbett all the exhibits prior to the hearing when the appeal was initially Filed.

1. According to Evaline Rodas from the Clerk of probate court there was not a way for the evidence to be submitted in probate court that I needed to bring the evidence to court and it was on hand and ready when court began.
2. Appellant contends that the court did not allow the Appellant any opportunity to even discuss the evidence or show the court what was brought in located on the desk..

1. The judge scorned the Appellant unnecessarily stating "Don't argue with me" before the Appellant even had time to argue or ask a question.(R . p . 44).

2. Appellant contends that his statements and views were suppressed because of the constant silencing from Judge Woodruff who seemed to have disliked the Appellant for coming in as a pro se litigant but the Appellant did not have a income at the time and finding probate attorneys is very very hard.

(R . p . 138 – 163)

1. Appellant contends that the judge turned a blind eye to the statement and allowed an objection to be sustained in from Mr. Corbett regardless of the true evidence that was present the judge chose to sustain the objection and do no "truth finding" to see what the documentation from Experian and Transunion, Discover Card and other contained. Adams was living at the Liberty Nursing and Rehabilitation in Charlotte for 7 or so years and moved to Royal Park of Mathews for another 10 to 12 years. During this time he was not allowed to come home and if he were able to come home there would need to be extensive transportation arrangements as well as nurses on site when he would arrive it was well understood that Mr. Adams could no longer live at his address according to hospital records and recommendations..

condition he would be allowed to come out for a holiday but that was not to say that he did not have a "permanent" room at the nursing facilities.

2. Appellant contends that page 23 lines 13-25 the Respondent uses home very loosely expecting that the court would not understand what difference existed between the two locations which is roughly 40 miles.

3. Mr. Adams never returned to 721 Ogden Rd as there were too many health complications and with the feeding tube the distance was a factor.. The nursing home would have record if there were any instances where Mr. Adams came to 721 Ogden Rd.

1. Again at Page 24 lines 15-20

Appellant contents that the Respondent is purposely lying to the court when she responded regarding the proof of Mr. Adams ever leaving the nursing home..

a. there would be no pictures that he would have been able to keep from Mrs. Ogbuneka because all the instances my father left the nursing center on the holiday he went to 6218 Idlebrook drive..

b. So that is where all the pictures of his stay would be located.. There was never a time when he came to 721 Ogden rd as all of his friends and family would have been really excited to see him but he never returned..

c. We all understood that he would not return after the diagnosis of 4<sup>th</sup> stage dementia and Alzheimer.

2. Appellant contends that this is one of the main reasons he is asking the court for signing privileges. The Appellant was never allowed to testify where he had documentation supporting his argument that the lying is excessive and intentional. Its was not just a mistake but it was an intentional attempt to defraud and falsify the application to become Personal Representative.. this is in violation of SC Probate Code and it seems that the court not only is not acknowledging the "credit Card Fraud" (R . p . 138 – 163) but the misleading attempt to fraud the application were also ignored as the Appellant was not allowed any closing argument no chance to present any evidence to the court during the hearing.

The Appellant contends that this consistent dishonesty shows very apparent in the pages as they progress.. The Appellant contends that if this is the case Mrs. Ogbuneke is not competent enough not being able to read or understand so many words and other issues that have to do with the management of the estate. Through her own testimony the judge had to help with her understanding of the meaning of cause of death. This level of dishonesty cannot be trusted and the Appellant request signing privileges to be able to make sure too many things are not done behind the scenes.. This is the same type of defiance and anger the Appellant has had to deal with and request cosigning rights as he is 50% of the estate and ask for cosigning rights.

She recalled all the information leading up to the hearing but still filled out the application that there was "never a personal representative appointed". This is clear fraud on the part of the witness mrs. Ogbuneke but the judge did not do any fact finding and cut the trial ruling from the bench without reviewing the transcript of the hearing or ordering a transcript to be able to make sure the ruling was fair.

Again, The court stepped in and did not allow Mrs. Ogbuneke to answer the question with understanding.. she said yes but the statements were only 60% true. Mrs. Ogbuneke has an attorney that is directing her on all these issues.. The witness has clear recollection of facts when her lawyer ask the question but acted as if she did not know any of the answer to the full line of questioning..

1. The judge was unfair in this trail and allowed an unfair advantage. The defense attorney went over all of the details of the guardianship hearing and still even though the Respondent had an attorney she still filled out the application erroneously and purposely and intentionally answered the questions under his direction falsely to give herself advantage for PR.
2. Appellant believes that the judge had contact with the defense attorney in this case prior to the hearing and was able to get a brief that was full of lies.. I want to be clear that this is how I feel is what happened for any judge to deny the person bringing the complaint a chance to testify or give any evidence for review in the case.

1. Appellant contends that all of these statement made by the Respondent are lies.. There was no proof and no attempts to be disbarred.. There were no names called nor was there any issues with the Bar Association.
2. The Appellant contends that these are the lies that the Respondent has told to her attorney and that is why he is trying to convince the court that they are true as he has never taken time to speak with me regarding anything associated with this case.
3. Appellant contends that these are slanderous comments that the judge just let it go after asking Mr. Corbett what was his response he was never directed to speak about the topic. Where does the chance come that the Appellant will be able to say if these are lies or not.. The court allowed all these things to be said and made

promises for a closing argument and submissions of evidence but in every respect it was false. Everything the judge promised during the duration of the case was cancelled because the judge stated that the court employee would be on overtime instead of listening to the case and delivering a fair verdict she ruled from the bench and never took time to review all the evidence.

Appellant contends that court shows prejudice again and does not require the Respondent to even answer the question. The Appellant was treated unfairly and was not given any kind of trial.. The Appellant was instructed by the judge to withhold testimony through the full Hearing and then was denied the opportunity to testify or have any closing argument to dispute any of the false fraudulent information that was presented by Mrs. Betty Ogbunike who has no proof and has not submitted any proof of anything she stated to the court. The court believes her and is prejudiced toward Mr. Adams as she has not been requested to prove anything she said.. The full burden of proof is on the Appellant and his evidence and testimonies are being denied by the court for unexplained reasons.

Appellant contends that the court allowed Mr. Corett to continue his statement regarding the getting the assets from the home.. He was leading the witness and ask to the best of your knowledge and best of your ability.. So there was an objection by the Appellant. The Appellant voiced the objection and was again interrupted by the court and was told on page 68(3-4) that "we are going to get to that" then over ruled the object but never came back or discussed it any further after stating that "we will get to that". The Appellant complains that this was done over and over during this hearing and it was a unfair hearing due to the constant promises from Judge Woodruff that the Appellant would get a chance to testify on his own behalf. She promised that the Appellant would get a chance for closing arguments and they took advantage of the Appellants pro se status. ( R . p . 59 lines 13 – 19 )

Court ask if Ms. Ogbunke was appointed guardian of the person or the estate? Mrs. Ogbunke knew the answer as she had just completed questioning with Mr. Corbett who went over the appointment of the guardianship in great detail.. Mrs Ogbunke was only guardian of the person. Mr. Adams remained guardian of the estate as the court stated that there were no liens or loans on the property so there was no need to any changes that Mr. Adams would remain in control of the estate. This was what the result of the guardianship hearing ended up being.. She would handle the healthcare in Charlotte nc and the Appellant would continue to manage all the aspects of the estate in South Carolina.

Appellant contends that the statements that Mrs. Ogbuneke is making are all lies that she fabricated and went to these institutions alone and told the same lies as she is telling now.. There were never any problem

financially with Mr. Joe Adams Jr. taking any money from Mr. Joe Adams Sr. But there are records of the Credit Card Fraud ( R . p . 138 – 163) that Mrs. Ogbuneke took part in running up discover accounts and Sears during the time she was repairing and buying supplies for her night club with my fathers credit.. Mrs. Ogbuneke took lavish vacations to Disney worlds and Biltmore house using my fathers credit cards. I had all the documentation and preserved it though submitting it to the Circuit Court as evidence since the Probate Courts Mrs. Evelyn Rodas stated that the Court of Appeals did not accept physical evidence but to bring it to court to show the judge.

Appellant contends that during the time when the credit card fraud was happening my father complained that he didn't have decent underwear and other items to wear which sparked interest from the Appellant who at the time was living at 727 Ogden Rd a house that was gifted to the Appellant by his father for remodeling it located next door to 721 Ogden Rd.

There was never any money taken from my fathers account other than when the change was secretly made by Mrs. Ogbuneke.. 1,000.00 was transferred secretly to another account that was not my fathers account.. The bank records for the transaction are available. Mrs. Ogbuneke has no proof of anything she is stating because it is all fabricated but there are records of the credit card fraud that are available that she abused my father's credit.

Mrs. Ogbuneke has admitted through her own testimony that there was an account that was a custodial account for my father.

Appellant contends that there were more than one stimulus check where did all the money go.. through the testimony only \$600.00 was accounted for and another 600.00 from the stimulus checks.. Where is the account for the money left over in addition as the social security check? Mr. Joe Adams Sr's Check from Social Security was never signed over to the nursing home. He may have also had a disability check as well but none were signed over to the nursing home. Mrs. Ogbuneke would get the check each month and apply the money and never give account of what when or how she spent it. This is why the appellant is pleading for the court to intervene as there would be no account for any action and no remorse to whom it hurt if Mrs. Ogbuneke is allowed to continue as sole Co Executor which is why the balance of Co-executorship and Cosigning Rights is so necessary for the Appellant as his investment and interest are at stake.

1. Appellant contends that Mrs Ogbuneke failed to supply the court with proof of delivery that all that all the notices were done within 30 days of her appointment.. She had not done it and tried to blame it on Evelyn Rodas the clerk that was helping Mrs. Ogbuneke and also the person that the Appellant feels was able to get to the judge providing one sided insight of the case as she understood it from speaking with Mrs. Ogbuneke..
2. All of these things were happening and the Appellant was not aware of any of them.. There were no phone calls or anything until a strange letter with no return address came in the mail and I did not accept it because there was no return address and I didn't know who it was from.. Later to find that it was Mrs. Ogbuneke who admitted that she sent the letter after I explained that a strange letter came..
3. Appellant contends that this also supports the integrity issues as mentioned earlier in the documentation.. There was no need to not put the address and lead the Appellant down a long road of discovery.. The Appellant had nothing to do with her failure to supply the documentation to the court on time and would like to ad this as an example of the problems that would happen if the Appellant is not allowed co signing rights to the estate.
4. Mrs Ogbuneke always like to play the role of the person who just does not know.. she always tries to act as if no matter what happened she was not wrong and that everyone else must have misinformed her of the events.. She just did it in line 5-8. The judge acknowledges that she was sure Evelyn told Mrs. Ogbuneke to file the paperwork but she failed.

Appellant contends that the Mrs Ogbunke stated that she had no intention on taking any personal injury lawsuit out as personal representative for my father against the facility where he lived? The court ask the direct question. Mrs. Ogbunke worked for the facility during the time while my father was suffering with bed sores. Mrs. Ogbunke turned a blind eye to the broken nose and the damaged eye that left my father disables in his right eye and broken disfigured nose. There were stage bed sores but Mrs. Ogbunke stated that she did not want to pursue a lawsuit because maybe there is an agreement signed. During the time my father was in the nursing home Mrs. Ogbunke entered into several agreements with management at the facility and began offering rehabilitation to the some of the clients.. This is at the same time while my father was suffering with Bed Sores and losing his life. The sores were 4<sup>th</sup> stage unrepairable and non treatable bed sores but Mrs. Ogbunke as his personal representative chose not to fight for her dads life through all the suffering he did.. She answered the questions directly to the judge, no lawyer speaking.. ( R . p . 105 Lines 1 -25)

Appellant contends that Mrs. Ogbunke is not fit to be the personal representative for my father due to her not being concerned enough during his sickness and during his suffering to even come and visit him in the hospital and to know she stated that she was not interested in fighting for his right and for the lose of his life is very disheartening and the judge went back a second time but the answer was the same.

Appellant contends that the judge made it very clear what she was asking and the Mrs. Ogbunke stated no.. ( R . p . 105 Lines 1 -25)

He lead into the questioning telling the witness in his question what to say even after Mrs. Ogbuneke had clearly answered contradicting answers directly to the judge and court.

Appellant contends that this is what Mr. Corbet wants and is not what Ms. Ogbuneke wanted as she would have told the judge what she was interested in doing while the judge ask question regarding if she was planning any law suits on her fathers behalf and she said no.. Mr. Corbett now is going back through all the question answered by the judge leading the witness to answer in support of what he told her she could do and not what she wanted to do.. She told the judge directly what she wanted to do. (R . p . 107 - 109)

Appellant contends that there is a lie here.. Mrs Ogbunke testified to the court that she turned all the information over to her lawyer and that he was supposed to file all the paperwork to the court and that is why the documentation was not filed.. But here the attorney is asking (lines 1-5) if she plans to file the information with the court immediately. This is in direct conflict with her testimony to the judge on page 74 (lines 7-25). She told the judge that she talked to her attorney and he said he said he was going to handle the probate from that point". Now the Defense lawyer on Page 81 (line 1-5) her attorney ask her if she plans to file the paperwork with the court immediately.. so there is a lie that the court needs to be clear on.. (R . p . 103, 110) Appellant contends that if the judge had not ruled from the bench and at least reviewed the audio from the hearing maybe some of these issues would have been discovered but she had it in for me and ruled from the bench after denying all of my testimony and never allowing any evidence submission and even the one that was submitted was never addressed again.

Appellant contends that this lasted through to the appeal as the second judge stated that he would accept all that the first judge had said and never accepted the transcripts as they were offered in court. The judge ruled from the bench but the items for discussion and that were brought to the court were a lot more than just whether the Respondent had done wrong as personal representative, and she had, but there were issues of fraud and abandonment that were never discussed and any attempt to bring any evidence was put off stating we would get to it at the end of court.

1. **Rule 520, SCRCP**

The Appellant argues that the Circuit Court and the Probate Court committed a reversible error in failing to make specific "Findings of Fact in violation of Rule 52(a), SCRCP Rule 50 and Rule 19 SCRCP.

2. Appellant argues that the Circuit Court did inadequate Finding of Fact for the case. The court failed to check to see if the Appellate had in fact made testimony or had the chance for closing arguments when in fact the record shows none were done.
3. Appellant argues that the transcript shows that during the Hearing by Judge McKinnon the Appellant offered the transcripts to the judge and explained that they were available to review in open court with the transcripts in court.
4. Appellant argues that he was set up and all of his evidence has been suppressed over and over again first from the Probate Court then by the Circuit Court.

## Conclusion

For the reasons stated, the Appellant pleads with the Court to reverse the judgment of the circuit court and Probate court. The Appellant ask that he be given cosigning rights as well as Co-Executor of the entire estate with Mrs. Ogbunke to insure that we have time to decide on the activities that may have a great impact on the welfare of the estate. The Appellant has not taken any loans or any type of credit against the estate and has used his own hard earned money to sustain the quality of the estate for the past 19 years. The Appellant contends that his father made both siblings Copowers of Attorney because he said ‘Yall two work better together and between the two of yall.. I believe I’ll be alright’ creating dual power of attorneys for balance and security. Bruce Poore was the attorney that handled the POA drafting as well as the Arbitrations regarding outside properties. The violations and unethical activities that have been happening are basis of reason that creates the concern and uncertainty.

The Appellant wish that the Respondent will help with the taxes now that there is co ownership. There is a 100 year legacy in this location for our family from my Grandfather and Father and Mom.. The Appellant is the last of the Adams family from his father and has been a good steward of the Estate and wishes to continue with Mrs. Ogbunke helping physically, monetarily, and morally.

The appellant ask the court to grant the Cosigning Rights and Full Co Executorship of the estate to both siblings. My mother always said that it was her and my fathers intention to leave the estate where both of us have to agree to sell before anything is sold..

The Appellant contends that if in the probate court hearing he had been allowed any chance to testify on his own behalf and present the evidence to Judge Woodruff that he had with him, she could have considered the evidence before ruling from the bench and denying the Appellant the opportunity to testify or have any closing arguments as she promised and persisted would be given. The Appellant further contends that if Judge McKinnon had taken time to review the transcript that was available in court at the time of the hearing, it would have provided insight into the error of the lower court. But instead he had to be given all the documents for court in open court by the Respondents attorney. All these things are the reason the Appellant has brought this case to the court of Appeals pleading for someone to see that there have been many violations, credit card fraud, unannounced police escorted visits, not following court orders, abandonment, and more that provide so much uncertainty of what may come to pass with the Respondent having full control. There would be no peace, as the Appellant

believes that there may be plans that he may never be party to but he is willing to start over again and go from here.

Cosigning Privileges and Full Co-Executorship rights would put to rest all the issues and would provide an opportunity for the Appellant and Respondent to have more interaction and conversation without Mr. Corbett and without any legal issues just family again. The Appellant pleads with the court to consider his financial investment, clean record, and Good History of Maintaining the state for the last 2 decades, and being born in the home that he lives in. The Appellant has done this with one salary which almost took it all. The Appellant sustained the estate alone with the absence of any help from the Respondent or any other family members. The Appellant ask that the court look at the issues of Credit Card Fraud and intention to convert Mr. Adams home into a nursing facility while he was living in it, and all the issues the Appellant has presented and Reverse the decisions and help us balance... These are the reasons the Appellant ask for Cosigning Rights and Co-Executorship. The Appellant also ask for majority share of the estate as there has been sacrifices and history of a huge monetary investment in Taxes, upkeep, maintenance cost and living for so long.
