Re: State vs. CEDRIC Dante Metz

SC Court of Appeals

2023GS320396S & 2023GS320396b

I CEDRIC D Metz am writing in regards of the appeal filed on Jan 31. 2024 I understand that I dont qualify for a direct appeal but I do qualify for a PCR. The reasons I am requesting a PCR are the lack of communications, representation from David Mauldin honestly I spoke with him 2 maybe 3 times when I went into the court on Jan. 25. 2024 the solicitor MRS. Whitney Taylor agreed to throw out the burglary 3rd charge & recommend an active sentence or I Plea to it and she was agreeing to rehab & Probation. MR. Mauldin at no time said anything about Prison time if that would've been the case I would've only taken the Strong-arm Robbery I sincerely know & feel that I was not represented to the fullest I also asked to wait for another Plea & he refused to speak to MRS Taylor I was taken to court blind knowing nothing I also wrote gale ethridge about my Pleas & she neither knew anything.

Thank you
CEDRIC Metz
