I, Sherman Smith, am writing to you out of great concern. FREEDOM MORTGAGE CORPORATION & lower courts are both on record failing to comply with the courts which puts them in contempt of court. Which means I won by default SEVERAL times now. Yet, instead of the rules being properly enforced, I'm given 30 days to continue fighting as if I am guilty & have to prove my innocence with threats of my case being thrown out. the actions of all parties involved are in violation of my inalienable rights. not responding to a show of cause, not delivering a transcript, not rebutting certified mailed affidavits are all actions of a fraudulent party and their case against me should have been dismissed. these unproven debts should have been discharged. it appears the goals of the courts are not to serve justice but to try it's best to prolong this process to obtain as much money as possible out of the innocent. as the CORPORATION with over 1.9 million mortgages clearly has an unlimited funding advantage in comparison to me a disabled veteran. the longer the case is allowed to prolong the more harm & injuries my family suffers.

my motions are being denied, when the actions or lack of actions should have won me the cause at least 4 times now. yet, if I don't comply the case is thrown out?!?!?! how is that fair? how is this justice? I Sherman Smith the DeVine living being, am not the cestui que v identified by all capital letters "SHERMAN SMITH" which is a legal fiction. I am aware of the difference. As the courts have failed to apply its own rules to proven guilty parties. I do not "understand, I do not consent and I do not agree to these proceedings"

it's despicable that the real laws are hidden from the public, even worse when the honest & innocent DeVine beings attempt to apply those laws and they go largely dismissed and ignored. this entire ordeal has me questioning the entire system. every judge, lawyer, attorney, court reporter, cop...
