moped without lights, and was told not to go back on the road that is the reason he was stopped in the first place.

5.) That I, Randall D. Price, did not knowingly make an intelligent plea because of the ineffectiveness of my trial counsel's advise, which was false because I had a valid legal defense.

6.) Mr. Sumner told me that I would get 25yrs if I did not plead guilty and that's all he kept saying, he never said anything about the elements of the crime, or what the state had to prove.

7.) That the Circuit Court lost jurisdiction over this case when it did not send this case to a jury after hearing Mr. Randall D. Price refuting the essential elements of the crime.
