Case # 2020A3910101187

Case # 2020A3910101189

The State of South Carolina
in the Court of General Sessions

CLERK OF COURT
PICKENS COUNTY
SOUTH CAROLINA

James Timothy Collier Bowen

Date: 3/4/2024

Solicitor: Sarah Christine Fowler

Public Defender: John Maxwell Grawley (Pickens County)

Judge: The honorable Perry H. Grawley

To the Clerk of Court,

I, James Timothy Collier Bowen, am writing this letter in hopes that I can appeal the Court Case I had on 3/4/2024. The reasons I would like an appeal are I feel as though I have been misrepresented by my Public Defender, Max Grawley. For starters I was advised to get a Public Defender in Greenville County but to my knowledge, I never was appointed to anyone except Mr. Grawley and since I am a resident of Pickens County and feel like I wasn't given a fair and honest case I would like a higher Court to examine my case to see too if I was treated fairly. Mr. Grawley advised me not to take my case to trial although he was sure I would win because I would still

get sentenced to 15 yrs. because of other charges I had would then come up in court. I feel like that was a scare tactic for me to go ahead and plead guilty. He did, finally, 3 days before my court date, allow 2 Public Defenders from Greenville County to look at my case for me. They brought to my attention that there are pictures, used as evidence, of my girlfriend's sister's ashes that were taken out of the box they were in and labeled as part of the drugs that was found at my residence the day of my arrest. The body camera's also showed the police turning their backs away from where the drugs were found so that they couldn't be seen moving the evidence to a different location of the room they were in. The police also cut all the camera wires at my residence that day and I feel as though that is destruction of my property and shouldn't be allowed to be done. All the evidence could have been brought up in a trial had he not advised me not to take it to trial. A huge mistake I made!

After I was arrested, I finally made bond and was ordered by the court to

to House Arrest with GPS monitoring thru Alden Wheeler in Anderson, SC, I was on this for over 3 yrs. with no violations and passed all drug test I was given. Mr. Grawlee and the Solicitor, both, told the honorable Judge, Mr. Perry H. Grawley, that Mr. Wheeler told them that I was only on GPS monitoring and I was not to be given credit for the time I did on House Arrest but Mr. Wheeler has Emails and Text messages proving that he never told them that. He told them I should get credit for House Arrest but both Mr. Grawley and Ms. Fowler gave the Judge wrong information and I was denied the credit for the time I did on House Arrest. That has been a huge let down for me! Nobody is allowed to lie and not tell the truth when under oath in Court! I feel like they should be punished for their mistakes in Court that day. We are supposed to be able to trust that our Public Defenders are for us and not against us in Court, right? Finally, 3 days before my Court date (3/4/2024) Chris Leslie met with all three Public Defenders and stepped up and did what was right and

Owned up to the drugs that were found at my residence the day I was arrested.

I am asking, please give me a chance to appeal my case, please. Someone else should look at it and all the evidence they have and see that I was treated with disrespect and dishonesty and please allow my case to go back to court for a mistrial. Thank you for your time and doing what's right for the residents of Pickens County! You are appreciated!
