I Do realize that my presence in court on every fix date is very essential towards the continuation of valuable court proceeding in my case, and this disrespect ~~the~~ court not only can affect my integrity in court rather also squander the valuable time of court and connected parties. I regretfully accept that i committed an unlawful act which is not acceptable in the court of law.

I also recognized that i should proceeding for grant in any manner the reason I am requesting a rehearing is because i have two kids at home and since i lost my job it has been hard for me to provide and put food on the table. I think i should be reheard because I didn't see the first letter i receive to correct what i did wrong. I assure you that i will not be absent during the court proceedings on the predemined dates in the future ahead except due to some unforeseen reason and i will present a leave application before you IN advance.

Kindly accept my deep apology
and grant me one chance to correct
myself. I will be really thankful
for your understanding and
consideration. Petitioner request
that the rehearing be granted
and that the court modify the
Judgement

Thank you
Yours Sincerely
