MOTION FOR ENLARGEMENT OF TIME

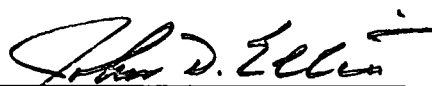

The appellant moves for a ten (10) day enlargement of time within which to file and serve the appellant's brief and designation of the record on the following grounds.

The appellant's brief and designation are due to the court August 9th, 2013, predicated on a decision by the Hon. L. Casey Manning regarding related cases which could be consolidated for appeal. A decision in those cases has not yet been reached.

Counsel still desires that those cases be consolidated. Nonetheless, in the interest of time, counsel will file an initial brief and designation of the record in this case, and when the companion cases are decided by Judge Manning (depending on the outcome), counsel will perfect an appeal from those cases and move for their consolidation when the appeal is perfected.

Nevertheless, counsel finds himself in need of a modest extension of time within which to complete the appellant's initial brief and designation of the record.

Counsel therefore respectfully requests an enlargement of ten (10) days within which to file and serve the appellant's initial brief and designation of the record, until Monday, August 19th, 2013.
