Administrative Law Court

Robert Osbey, # 299910

Docket # 23-ALJ-04-0528-AP

RECEIVED

Honorable Judge Anderson,

APR 22 2024

SC Court of Appeals

I'm writing you regarding your judgement of dismissal on my prevailing wages case, I received the respondent motion for dismissal on April-2-2024 and I put my responding brief in the mail box on April 5-2024 which should have reached you before you ruled your judgement on April 10-2024 that is less than the ten days that I had to respond. I see that the respondent keep implying that I work at the (PIECP) program at Evans correctional which is not true I have never been to Evans correctional in my reply brief I responded to all of the respondent's issues. Its hard to fight a system that's rigged for the Department OF Correction even when the law is being broken.

Thanks For Your Time,

Robert Osbey
