SC Court of Appeals

Dear Court,

This is a motion requesting an extension for my final brief due to the extra responsibilities I've had to incur. My wife had to be hospitalized for 8 days, because of a breakdown. Her health is going down. Due to her autoimmune disease her body is deforming at a faster rate causing her to be worse, she requires extra help now just to do normal daily tasks and activities. Then a week after my wife got out of the hospital, my only living sibling, my oldest sister, passed away unexpectedly. These hardships have caused great grief in my life and has consumed my time. Please allow me an extension to turn in my final brief.

Sincerely,
s/ Scottie Gordon
Scottie Gordon
Appellant
