Re: Transcript of Summary Judgment Hearing, March 28, 2023
2020CP0700977 BOKF v T and S and Turan Strange

Dear David:

I recall from correspondence last year that your firm may have been the court reporter for the summary judgment hearing before Judge Dukes by Webex. I believe your last message was that the hearing was attended but that had not been transcribed. I do not have a record of an update as to whether the Plaintiff side ordered the transcript at a later date.

In connection with a pending appeal, I need to order the transcript for the matter. Please advise regarding the timing and cost of the process and I will follow up once I confirm there is time to complete the order.

Very Truly Yours,

Mogil Law Firm
