

Motion to Recall Remittitur:

To the SC Court of Appeals, I, Kimberly Minick am filing a Motion to Recall Remittitur due to the fact of not receiving information/forms in a timely matter. At the courts request, on December 28th, 2023, I, Kimberly Minick filled out SC Transcript Request form and emailed to transcripts@sccourts.org along with the required fee (sent via USPS) to have a transcript sent. There was no further communication sent by the Court of Appeals until March stating that the courts have not received the required form. Twice in March and once in April, I reached out to the Court of Appeals requesting notification that previously said Transcript Request was received and I received no further communication. On May 22nd, I was further informed that our appeals case back in the local Magistrate's Office sent a final 24 hour notice of eviction. The SC Court of Appeals' Office was telephoned and I was further instructed to file a Motion to Recall Remittitur due to showing proof to Mrs. Harrison that communication was sent for next steps as well as clarification.
