Hello, I don't understand why I wasn't sent the notice to submit the decision of the circuit court's ruling via postal service. I was unaware of the notice that was sent on April 24, 2024 because my phone service has been off and on for some time now due to hardship because of an illegal eviction on March 11, 2024 and was locked up along with my significant other and oldest son on some bogus charges due to that eviction. I have been in and out of courts since January, due to the nonsense with the apartments as well as the bogus charges. All of my kids and my personal belongings were destroyed, so we literally had to start from scratch since they put everything on the streets. Only for the judge to order Rock Pointe to return my keys on March 21, 2024. However, we still couldn't move back in until the 1st week of April because they refused to do maintenance work. My oven has been broken since February 20, 2024 and still is not fixed. I had to take Rock Pointe back to court on May 16, 2024 because they refused to accept my rent after the judge's order and had me trespassed from the office. Then, on top of that, my municipal charge supposed to be dismissed, but I'm still waiting on the general session's charge to be handled as well. Also, they have a bench warrant for my son because he was told the wrong court date and missed his actual court date. Plus, I have 3 of my 8 kids graduating on May 30th, June 5th, & June 7th. So, my apologies for the late response because I was unaware that you even sent anything concerning the appeal. I never received a letter in the mail and I rarely have access to the internet. However, I am attaching all of the documents as proof of everything that's been going on. Let me know what I need to do being that I never received proper notification (certified mail).
