Petition For A Rehearing

(Counsel of Record)

(Petition For Rehearing)

This Court denied me relief on May 22nd 2024.
I received the order of dismissal on May 29th, 2024,
and this petition for a rehearing follows.

None of petitioner's denial of Counsel Claims can be time-barred, and the doctrine of Res Judicata do not apply when it is factually shown that Petitioner was denied effective assistance of Counsel. Critically Serious, Because it is undisputed by Court record that Applicant was denied Counsel at his Competency hearing, on Appeal, To repair his transcript, inter alia, this Court could have reviewed these claims on the Court's own motion, (Sua Sponte) because this is bedrock.

11-A-1, 11-B-1, 11-B-2, 11-B-3, 11-B-4, 11-B-5, 11-B-6, 11-G-1
11-C-2, 11-D-1, 11-D-2 & 11-E-1,

All of these are Federal Claims, and protected by the 6th & 14th Amendments.

The Court also could have entertained ground 11-E-2.
The S.C. Appellate Court defense Comm. interfered in my appeal, and killed it.

In grounds 11-F-1, and 11-G-1 are Subject matter jurisdiction Claims. Surely these Claims cannot be time barred.

Grounds 11-H-1, 2, 3, 11-I-1, & 11-J-1
are jurisdictional Claims that could have been entertained.

Jurisprudently Speaking, Petitioner Never heard a Full and Fair bite of the PCR apple, So the Court could have entertained all these Claims, but reality is The PCR Court never had judicial power, to adjudicate the action.

Respectfully Written
