SC Court of Appeals

Dear Court of Appeals,

We are kindly asking for an extension on time for Appellate Case No. 2023-001225 due to the extreme difficulty we have had and currently having with Attorney Andrew Hart. The Court of Appeals directly contact Andrew Hart via email on January 2nd, 2024 with an order of dismissing the respondent's motion but requesting an amended brief that complies with the South Carolina Appellate Court Rules which he did not do and has still not completed. Andrew has filed a motion with the Court of Appeals to be relieved as counsel and that requested was granted on May 1st, 2024. The appellant, Clinton Justus, has requested all of the case documents from Andrew Hart needed for this appeal and having the information needed to file the amended brief and he has yet to provide that information. It has been requested via email or paper and neither have been provided. Andrew Harts negligence has made this appeal process even more cumbersome for the appellate. Clinton Justus is actively looking for counsel that can assist with this appeal but those lawyers have been hard to locate. Again, this process is delayed and hardened due to actions not completed by Mr. Hart and we are kindly asking for an extension.

Thank you for your time and your consideration,

Clinton Justus
