Good afternoon,

This is Kimberly Minick and I am reaching out in regards to a letter I received this afternoon around 4:15pm stating that I have not completed a proof of service and that my case is being dismissed. The court emailed me back this morning a stamped copy of the proof of service(which is within the ten days), I also put in the mail today to Meybohm. Could you please contact me and let me know what is going on.

Thank you,
