SC Court of Appeals

To.
Appellate court

I pled guilty to the charges alleged against me because I felt as if I didn't have enough evidence to prove my innocence. Also I didn't receive all my Brady motion to properly fight my case, codefendants wrote statements and affidavits never received them, phone dump for codefendants phone never received it. They was a motion for the phone dump as well as a motion for a u-visa for the victim I never received it neither. I had a GPS monitor on my leg that placed me at home while he was being robbed 10 to 15 minutes away from my home and I didn't leave my residence till well after the time he was robbed and the time stamp at the store and time stamp and location on my ankle monitor proves I was at home that and video footage, I can't be 2 places at once.

Not only that I feel as if I was forced to plead guilty. I was told either take the 15 years or go in the next court room

and pick my jury. I've at the time only had seen my attorney twice 30 minutes the first time and 2 hours the next and then the following week he just takes me to court no warning heads up or nothing and basically scares me into pleading. How could I properly represent myself with out all my brady motion or with a lawyer that didnt properly represent me. Another thing is I filled out my preliminar hearing and my public defender waved it with out my premission.

I'm not even sure im doing this correctly because my lawyer has left me completely in the blind, he pretty much took my money and did the absolute least to help me like my life or future didnt matter. My ankle monitor should have seen all I needed to get my charges dismissed it placed me at home and my lawyer or solicitor acted as if it didnt matter and I was unjustly targeted and sentenced cause everybody wanted to lie and place the blame on me out of convience. All this is my preserved Appellate issues for the court to review.

Sincerely Martin Allen

county of Greenville which is latter Mill rd
and I was moving at speeds of 34 MPH and I
left the house at 1:24:06 at speeds of 28
MPH.

1. It is being said that he was driven 10 to 15
minutes down the rd robbed then was driven
I estimated 8 minutes after being robbed and taken
I left at a stop sign then coming to a store
and being put out of the store on the
right side of the road. So he was robbed
I estimated ~~18~~ minutes before making it to the
store and I was at home at 1:17:58 AM
at 860 latter mill. that's 8 minutes before he
got robbed off at the store. →

5. The only time I left the house prior to that was on points page #2 at 12:10:58 AM and returned back at 860 lifimer mil at 12:17:01 AM I was gone 5 minutes test driven the car.

6. Its impossible for me to have driven 15 minutes down the road and robbed the man when I was clearly at home at the time with a very accurate Global Positioning Sensor on my leg
