RE: Andrew Pampu v. Erin Wingo
Appellate Case No. 2022-001332
Our File No. 076544/01500

Dear Ms. Harrison:

I am in receipt of the Court's letter dated July 9, 2024 regarding possible dates for the November term of court. I am currently scheduled to appear in trials in both state and district courts in November. I have a trial set to begin November 4 in federal court before Judge Dawson that may last 2 weeks. Also, I am scheduled for a trial in state court in New York that is set to begin November 14. I am also scheduled, should those trials not occur, to be in Washington, DC for a conference on November 12 and 13.

In addition, there are three appeals in which I am set to argue currently under consideration for the November term of court. I respectfully request that if the Court does schedule more than one of them, that the Court not schedule those arguments on the same day.

Thank you for your consideration.

With kind regards, I remain

Sincerely yours,

s/ C. Mitchell Brown
