SC Court of Appeals

I hear by write this notice to the court of appeals with my grounds of my appeal. I want start of an say that while I was in taken county Detention center. I was not allowed access to the law library to fight my case the way I should have been able to. Also while I been here at Kirkland Reception & Evaluation center I'm still not able to get access to the law library, to get better grounds for my appeal. I also feel like my lawyer did not perform to the best of his ability. Because I told him some of the my solicitor said was not true and he did not object to those things. In he never filed for motion to suppress things. The solicitor who was over my case lie and said alot of fouse things about me and this case. If I granted access to law library I would have more for this court. Please look in this for me thank you. IF I can think of any thing else I will right you about.
