Good afternoon:

Attached for filing are a cover letter, a notice of appeal, proof of service, the explanation required by Rule 243(c), and a copy of the order being challenged on appeal. This is a PCR case.

By copy of this email, I am serving Assistant Attorney General Danielle Dixon, counsel of record for Respondent.

I am also sending copies of everything to Appellate Defense because I was appointed to represent Petitioner and, therefore, anticipate that they will handle the appeal.

Thank you and please let me know if any further information is needed.
