SC Court of Appeals

MOTION TO REINSTATE
CASE# 2024-000720

TO THE SOUTH CAROLINA COURT OF APPEALS,

I would like to file a motion to reinstate the above noted case. I was asked to send in a an update on the case with the Berkeley County Circuit Court. I sent it in and it was during a 4th of July holiday week. I called the court and asked what exactly the time frame was because of the holiday, I was informed that if I had it in before Monday morning that that would be fine. That is what I did. If I would have been told to have it in sooner, I would have had it in then. I have complied with everything the court has asked me to do and I will continue to comply. I believe this was just a misunderstanding due to the holiday. I'm not sure who it was I talked to. I have called the court staff for direction with every email I have gotten as I am representing myself and don't want to do anything that would cause my case to be dismissed. Thank you for your time in this matter.
