*[appeallant arguement to order: 6-4-2024]*

*appeallant states on order date, 2-20-2018 or order that it is in error, and not barred to the s.c statue of limitation two year claim on grounds: that he filed the complaint and summons 3/16/2018, and voluntarily dismissed it 3-18-2018 see. rule 41(j) plaintiff has the right to dissmis it and bring it back . The complaint which appeallant asks whats wrong with qualified immunity, see case john c. jef erries jr., 62 fla, l. rev 851. which case should be granted*

*[ The state of south carolina scdc use excessive force, with empty hand control/defensive tatics with*

*Ihr of medical malpractice delay to treat the appeallant on 4-8-2016 with no prior trial. the use of force or guard brutality was content under scdc custody, and was against any scdc policy. the scdc presented evidence that it used empty hand controll on the appeallant why he was on the ground and or in handcuf's on the appeallant while housed in scdc . The total amount of injurys on the appeallant was three or four stitches in the face, eleven(11). behind left ear, and a brian concussion, and one right swollen eye. the defense attorney presented plenty of af idavits threw federal appeal of a grant threw reverse on charges which the appeallant has already went threw with the proper*

*courts. that freshly cuts down to the use of force, and how much was applied and, were they errored with the amount of seconds, and minutes. The trial court errored on July 17 2023 when they failed to re amend plaintiff's motion to show not barred on complaint when the appellants showed claim on paperwork dated back to 3/16/18 by Buffy Hodges courts clerk stating plaintiff (2) year inquiry to not bar to plaintiff claim in the proper court. the courts judge McIntosh granted defendants motion to dismiss plaintiff's claim without the proper evidence, and checking. The defense attorney filed a motion to answer complaint with a 50-50 chance that excessive force did happen to the appellant. which appellants request for a new trial, and settlement to end case with \$8.0 million*

*answer dated:6-12-2023*

2.

*appellant argument to answer:6-4-2024*

*Appellant states on answer dated 6-12-2023 that it is barred due to plaintiff filed suit and summons, and complaint 3-16-2018. the statute of limitations means the time barred debt means a debt for which the complaint and summons statute expired. see court errored when they processed complaint and summons on date 8/28/2018, when the proper court documents show 3/16/2023, in accordance with rule 41(j) which would grant appellants appeal of the civil see William Baude, - is qualified immunity unlawful? 106 Cal. Rev. 45(2018), and S.C. bill: 2021 -2022 bill 4406 excessive force section 23-1-250..*

*motion to dismiss:6-12-2023*

*appellant argument to motion to dismiss:6-4-2024*

*defendants argue that plaintiff action was previously dismissed and cannot be maintained. Appellant would argue that the complaint and summons was voluntarily dismissed without prejudice which means he can bring back suit under S.C.P. rule 41(j). plaintiff complaint was filed 3/16/2018 two years from incident dated 4-8-2016 which would state fact that it was not barred, and would qualify plaintiff from public wrong, and private bills indemnification, and government accountability in the early, see case: James E. Pfander and Jonathan L. Hunt, and see Joanna Schwartz, the case: against qualified immunity, 93 Notre Dame L. Rev., 1799.....*
