To whom it may concern I am writing this letter to give the courts of appeal an explanation in the concerns, and matter of my situation! I would like for you all to understand that I was unaware of the letters that I had written. Due to the fact of me being off of my medications which are for mental health issues that I am dealing with. My argument for the courts is that I received 20 years for "writing letters" that were threats! Also the people that I was accused of threatening they all work in the same area of the courthouse, which is the Charleston County Judicial Circuit, the judge which is Judge Mahley-Dennis, the solicitor which is Amy Harbell! the threat that I was accused of with blowing up the state, and federal courthouse, which was the same courthouse I plead guilty to! Also another explanation that I would like to make for the courts is the fact of my motion for reconsideration was denied! I felt as though Judge J.C. Nicholson gave me too much time for a threatening letter that I was not able to act upon. Also at my court hearing for my guilty plea, my lawyer David P. Schwache informed

Judge Nicholson, and showed him copies of my paper work with me having serious mental problems. Judge Nicholson did not take consideration of those documentations that my lawyer showed him. These are the main factors of my argument for appeal, the fact that I went to court in the same county of where the letters I wrote was sent out, the fact that I was given too much time for a threatening letter, the fact that I was not evaluated for my act of writing the threatening letters, the fact of my lawyer having a doctor come to my reconsideration hearing, and Judge Nicholson not taking the fact of reducing my time in consideration, I would like the courts to know that I am very, very sorry for what I did. I would also like for you all to take in consideration of my appeal due to the fact of me having mental illnesses, I have not had a violent charge in my life in fact I have never had a bad record besides shop-lifting! Also I know, and understand that this doesn't have anything to do with this situation, but I am a homosexual that is non-violent, and will not hurt a soul please, please, help me with this case.

Hope to see you all soon!
