Good evening Mrs Holmes, it is a lot of places in that transcript that is not accurate and especially when I am talking, my words and statements don't make any sense as if I don't understand anything that is being said. So why can't I just come and listen to the recorded transcript along with someone from your department and then we could make the necessary correction so that the transcript say the same as the recording? Now the transcript that was recorded on 1-31-22, was done virtually and Ms. Canvace from Berkeley County Courts said "all virtual recording of the hearing and transcript is done by the Courts Administration" so I got to get everything from them, and we don't know who is the court reporter. Also, transcript of 1-11-21 before Judge Roger Young in my case against State Farm, wherein Judge Roger Young granted me the right to add Home Telecom to my lawsuit against State Farm for not giving me my accurate phone record. Well Mrs. Holmes you know I have been trying to get these things for along time I knew what took place in these hearing and all of the transcripts I'm trying to get will prove what I have been saying is true. So whoever or however you let me get the transcripts just make sure it can be validate by those things the Courts have already established to validate and verified.

Good afternoon Mr. Clemons.

If you have an issue with a transcript, you are welcome to challenge the accuracy of the transcript. Please see the Transcript Challenge process below.

Challenge Procedures

When a party has concerns about the accuracy of a transcript, the party must submit his or her challenge in writing to the court reporter and copy the Court Reporting Section Management at transcripts@sccourts.org with the word CHALLENGE in the subject line. The challenge may also be submitted by postal mail to: SC Court Administration, Transcript Challenge, [1220 Senate St. Suite 200, Columbia, SC 29201](https://www.sccourts.org/locations/1220-Senate-St-Suite-200-Columbia-SC-29201). The written challenge must include the following:

1. Their name and contact information;
2. Date of the court proceeding;
3. Case name and caption;

4. Court reporter name;
5. Name and contact information of opposing counsel/parties;
and
6. A list of items that specifically identifies what the party is disputing, such as page and line numbers. It is not acceptable to say the whole transcript is being challenged.

Upon receipt of a challenge to the accuracy of a transcript, the Court Reporting Section Management will respond to the challenger in writing and copy the court reporter and the other parties. The Court Reporting Section Management will then review the record and submit their findings to the challenger, the court reporter, and the other parties. Any inaccuracies will be corrected and the pages forwarded to the challenger at no cost.

Ms Holmes, if the other two transcripts are the same as that one she have sent, then we need to get her to validate how and why it is accurate. Because the one she have sent is the problem that we have had and still having, that transcript is in know way close to relaying what I know I stated at that hearing. Please get Ms. Green to validate it with the audio recording, I know that transcript is not accurate.

Ms Holmes, well thank you for this email because I didn't know that you had sent it before, but the problem is that this transcript is not right and know way close to being accurate to what was stated at that hearing. So I need another way to compare and validate what is in this transcript you just resend the same one from before which came from Ms. Green. Also I need the other transcripts that the Appeal Court is requesting that I stated in my email. Ms Holmes why can't you just give me a call?

Good afternoon Mr. Clemons.

The unedited, uncut transcript from 1.31.2022 was sent to you on April 10, 2023 by Pam Green. I have attached a copy of the unedited, uncut transcript in case you have misplaced your copy.

Ms. Green was also assigned to transcribe the hearing you requested for July 19, 2022, but you did not send her the estimated cost of the transcript so she did not produce the transcript.

I am in the process of researching the January 11, 2021 transcript that you requested to see if Denise Lauder completed that transcript and sent it to you.

When I do a transcript, I put in every word. I do not leave anything out. When I prepare it, and if you did feel that I had left something out, all you would need to do is contact me and I am happy to check it again and also change it if I did make a mistake. Court reporters are only human. We do make mistakes but I do try very hard not to.

So if you wish to receive this transcript, you would need to send payment and I will prepare it for you.

Good morning Ms Green, hey this is Joe Clemons again ma'am I know the court reporters manual have in their you have WebEx unedited uncut rough draft email transcripts that have not been altered, or skipped words and when you record it from the recording I want you to record every word and ma'am I know there's time when you guys edit, leave out things maybe because you may think it's not needed. So I don't want the edit version where you skip things, I want every word, exact replica of what's is on the recording can, you please get me that? This thing has happened to me before and I don't need it to happen again.
