SC Court of Appeals

Motion to Stay September 16, 2024

I am appealing the Notice I received on August 28, 2024 on the grounds of I never received a written notice of my tenancy being expired nor have I received the proper 30 days notice to vacate. Under the SC residential and landlord and tenant Act it stipulates a 30 day written notice must be provided prior to any action for ejectment is placed against me. I am requesting that the current ejectment proceedings against me cease until the proper notice has been provided to me in compliance with the law.

Thank You
