This is an amendment to add newly found document to this case that I have against state farm that have been about the forgery of my name on the waiver of premium amendment document, which shows that I signed the amended document stating that I did not want the waiver of premium rider benefits. But I just discovered that there are documents that Peggy Pinnell and I (Joe Clemons) signed the very day that the policy was written, which show and proves that I could not and had no reason to sign an amendment which would state “Issue without waiver of premium benefit rider.” Because this hole case is about my name being signed on that “AMENDMENT OF APPLICATION” document which I did not sign and it even does not have my signature, that is why this case is about forgery and the forging of my name. I’m sending these documents that we (that being Peggy Pinnell

and Joe Clemons) signed which make everything crystal clear as I have been stating from the very out set of this case. Please see the attachments below and pictures attached to this email. The attachments will prove that State Farm's claim that I did not want the waiver of premium is inaccurate. I hope that this court will consider all these newly found proof which validates everything I have been stating since the beginning.

Respectfully,

Joe Clemons
