I wanted to check and see if the court is aware that my brother Vance Mack Fleming is in jail in Aiken County charged with murder cold blooded murder. He shot his friend in the back of the head on 5/9/23. I'm also attaching pictures of the condition of the house and how much he's let the place fall apart and filthy. I've had to mortgage the house to get a new roof and central air to take care of my mother before she passed away. I had to move my mother into this house as she had mortgaged her home for some brilliant plan of my brother's and lost her home. My brother at the time was on Crack and booze and he stole from both my mother and father. This was back around 2003 or so and started years before and continued for years. He stayed drunk and lived off my mother's pittance until I helped him get his CDL back that he lost it when he failed a D O T drug test. My father disinherited my brother due to all the stuff my brother did to him. I didn't ask for the house to be put in my name. It has been nothing but a expense for me . Please review this case. With pictures I've attached of the house and it's condition it's going to require at least 10,000 dollars in repairs . I don't have an attorney for this case as I couldn't afford the fifteen thousand dollars the attorney wanted. Thank you for your time
