S.C. SUPREME COURT

To whom this may concern,

I Fai'Quan Swindell recieved a letter informing my application for post-conviction relief has being denied due to it being ~~time~~ untimely. I was tasked with writing an explanation as to why this determination was improper. My application was denied for being untimely but the one year statute of limitations for post-conviction relief claims does not apply to allegations that petitioner was denied right to direct appeal due to ineffective assistance of counsel wich is reflected in section 11-B(2) of my application. With that being the case I should be given ~~the~~ entitled to a full and fair oppurtunity to present my claims.
