Berkeley County
Trail Court Case # 2024LP0801772

Motion To Reinstate Appeal

I was put in hospital (Roger St Francis, Downtown Chas.) on 9/27/24 and had a surgery while there, I was sent home 10/3/24 and told I had to stay laying down to heal for 4-6 weeks & then would need rehab to walk again. I let you know and you gave me a continuance & said I would get a court date in the mail. Then while I was waiting to hear back I got this order yesterday that my appeal had been dismissed for Rule 203 I thought I had sent everything the lady had told me I need to send. I don't know if anything came while I was hospital but did not know I needed to send anything else. Please reinstate due to these conditions. The Dr. said if I don't stay laying down it could kill me so I am trying to do what Dr. said do. Please call hospital to verify this Thank
