RE: Motion to reinstate Dismissed Appellant Case No. 2024-001489, Trial Court Case No. 2023CP230563 The Honorable Charles B. Simmons, Jr. Greenville County

Dear Mrs Kitchings,

I, Byunghwan Chay, respectfully request that the Court reinstate my appeal in the above-referenced case, which was dismissed due to the absence of a transcript.

On October 11, 2024 the Court dismissed my appeal due to the lack of a transcript. My appeal was filed by trial court attorney who is not an appeals attorney, I learned the fact the transcript had to be submitted after receiving the dismissal notice.

On Oct. 21, 2024 I ordered the transcript (please see a separate one page of request for transcript form) and am prepared to proceed with the appeal.

Given the circumstances, I respectfully request that the Court reinstate my appeal so that I may proceed with my case. I am committed to complying with all procedural requirements and ensuring that the appeal process moves forward without further delay.

Thank you for your consideration.

Sincerely,

Byunghwan Chay
