Re: Peggy Kandies v. City of North Charleston ,et al

Dear Mr. Johnson,

I received your letter about the emails from the library and I will address your concerns with my emails to you.

First of all : I always type your email first, then 2<sup>nd</sup> name, my email address and then I put the documents in the feeder as instructed, and press start. I send the documents to both of us at the same time. If I get them, so should you. It would process the same way if I put my name first. I also will put what documents or Appeals no. There should not be any ..No REPLY.

I always check to make sure that I do receive my copy, if I do not, then I will repeat to make sure. The library worker told me that if you don't receive it, I won't either, and will be returned to me if it fails.

I have not had a computer since September 11, 2021, due to my Hp laptop was stolen from my Lexus RX 300 on that date among other of my belongings that I had to keep in my crossover and live out of my car because Darbis Briggman, employee of the City of North Charleston had my electricity turned off on October 5,2021 at 12:00 pm, and my water, so you see I haven't been able to live normally. He said because it may catch on fire. It was retaliation and direct abuse.

I bought a laptop, however, I do not have a way to use except for wi-fi somewhere, and my printer was stolen the same day.

I will check my copies of envelopes that I have sent to you and see, and if I did not put your suite number, I apologize, However, I haven't had anything wrong before.

I will try sending to my email address and then send to you from my cell phone and see if that works.

I'm in a bad position, and it's not my fault, I had a desk with computer, printer and internet and Liberty Mutual is at fault, however, I have good attorneys with that.

I hope this will work with no problems.

Thank you for letting me know your concerns.

With kind regards, I am.

Sincerely,
