I'm writing to add on to my last request and requirement pro-se response to the petition filed by counsel Sarah -Shipe

Statute Code 16-3-655. On record the conviction obtained for this offense ~~was~~ used to help give me a Life w/o parole resulted from consensual sex and the person lied about their age back in 1995 when I was 21 years old. Everything is also on record on my sentencing day that it was everything I just stated. Also this case here helps in my favor plus there was no aggravated circumstances on record. (Bowers V.
