S.C. SUPREME COURT

The "Letter" you say you received was a addition to what Mr. Johnson Filed, IF I have to file this in a different manner, I would need allotted time? I never received transcripts from my PCR hearing, How Am I to proceed without them? Also this case was never investigated by the police is there any way to get a court order to have an official investigation? Lie detector test, interviewing them. I promise you I didnt enter this Ladies House. It was indicted and charged to the Jury that, I was to be first found guilty of Assault ^{1st} before being found guilty of Burglary ^{1st} and it was defended that way which is wrong. The public defender defended it like I went in her ^{House} and didnt assault her when I didnt enter her House, This was a issue at PCR. But I dont know what exactly was said, what I Filed in the "Letter" to you was from ~~memory~~ memory, To add to what Mr. Johnson Filed, please help. I did not enter this Ladies House. Im Doing 15 years for

Football for Him next year. All the while He knows he lied on me. The police, use this kid, The Solicitor AND His mom to take my life away AND the only time He is Asked a question about this is After He watches His mom testify. I've written SLED, Sheriff's Association, Newberry County Sheriff, Lee Foster, numerous amounts of times, the governor AND no one Has Answered me. None of them! There Has Been zero investigation in this case. Zero. AND I'm sitting in here Innocent doing 15 year sentence for something I did not do and the only time the so called corroborating witness is ever Asked A question is after He watches his mom testify to A different story than she tells the police. Fact, Do I Have to file some type of court order to the police? I'm sorry for your time But no one is listening. Do I Have to file some type of extension to get transcripts From PCR Hearing. This is why I was trying to add what I thought was a motion to the court that Mr. Johnson filed.

Thank you please Reply
