I got a money order from the U.S.P.O. for the \$700. I walked
out over to the court (Magistrate Court.) time was 4:20pm. I
went to the Clerks office But she had left early, I then
took it to the Cashier in the office. she call Judge
Moody. and, that when I was informed that it
was a day late. which during the Court with Judge
Cottrill I was told that payment was on the 1st and
that I had to be in by the 6th which is 5 days
before the Close of Business. I was informed by
Judge Moody that she had called the Court of appeal
and they told her to go ahead with the writ. I
asked her when did they change what was said
in court. and she called Judge Cottrill and was
told to do what the court of appeal told her to do
and that I was late. I have my receipts. I
wasnt notified by the Court of appeal. and
I have been doing what has been instructed
to me.
