Vs
Willie Mae Reed.

On Wed Dec 11, 2024, I was granted a Bond's Stay. And when I got back to Mannings, Mrs. Willie Mae Reed and Tracy Bradshaw was still at the house along with Deputy Justice with the Clarendon County Sheriff's Office. I showed them my copy of the Bond's Stay. While I waited for them to leave. My son showed me video of them putting things into their vehicle. I loaded the office to and car. He searched their truck. Mrs. Reed said that all they took was trash which was in court after seeing the video the officer asked if she had anything else she finally let them get the 70" TV out of the back of her truck. They left with 3 other Flat Screen TVs that was 32" and a 65" Flat Screen TV. A yellow vacuum cleaner, and some other items. I went to the Sheriff's Office and filed a report. She did not want to take anything until they hear from Court's appeal. I was told by Mrs. Manning. That she don't know how to handle taking payment at this time. I did have the \$700 in money order in hand. And I also ask can they give Mrs. Reed a Courtesy Call because I just want my belonging back.
