Good morning Ms. Staley,

I am writing regarding the above-referenced case. I understand it may be too late to submit the Motion to Assess Fees filed on January 9, 2025. However, I attempted to email this to you on Tuesday, February 13, but there was an error in recording your email address, which caused the email to fail.

I am sending it to you now after realizing my earlier email did not go through. I hope this clarifies the delay and the lack of communication regarding the motion.  
Thank you for your time and understanding.

Best,

**Trey Griffin**
