To whom this may concern,  
I received notification that my appeal could not be considered at this time due to:

The notice of appeal fails to include a statement of when you received written notice of entry of the order or judgment from which this appeal is taken.

A proof of service has not been provided. You must serve and file a proof of service substantially in the format shown by Form 7 in Appendix C to part II of the SCACR.

Each of these deficiencies were noted after the first appeal was sent and corrected to the expectations sent from the first notice. I filed a proof of service and included a statement of when I received written notice of entry.
