Your Order dated January 15, 2025 will serve as our evidence of what we had always suspected: [that] without proper notice and proof of service that a Court does not and cannot have jurisdiction over any matter. [That] Basically: the Court in York County that an opposing and clearly prejudice attorney ordered clerks to dismissal via a Form 4 serves as admission of misconduct, etc. [That] We [LeeMon Tillery and Dasha King] were only being horribly incessantly harassed by a corporation, a City, the corporation's and City's attorneys/firm—and with the help of a County and its Court. We can definitely prove that we [LeeMon Tillery and Dasha King] never ever gave proper notice of Appeal nor provided proof of service. We can also prove that what blocked us, is [lack of] a Bond Hearing. We can prove that we made countless attempts to have a Bond Hearing scheduled and then be given proper Notice, but that Judge Jennifer Susan Kottka Colton ignored us.

We are victims of Obstruction and so many other terrible things. Due to us actually losing things -and- being injured: what has occurred to/against us is actually a Hate Crime. It is illegal for two citizens to be BLOCKED from the opportunity to Appeal. The right to Appeal is anyone's right. Yet a judge blocked us of that right, flatout. We were—and can prove—that a Magistrate Judge abused her power by violating our Constitutional Rights, etc.

Judges are the reason that we are currently homeless.

Thank you for providing us with the evidence we needed, which is evidence of how Due Process typically goes with Courts,
