Elizabeth, as you and I just discussed over the phone, please see below Attorney Bowers' consent to Respondent's request for extension for her initial brief and designation of matter.

You confirmed that the Court did receive Respondent's motion for extension for initial brief and designation of matter on September 12th, that Respondent may proceed as if the motion for extension has been granted, and that you will try to get out the order confirming same ASAP.

If you have any questions or concerns, please do not hesitate to call me at 843-727-2247. Thank you for your help.

Dear Counsel:

As you know, Respondent Lauren Mattox's initial brief and designation of matter are currently due on September 16, 2013. Ian Freeman's schedule and attention have been consumed lately with several cases that are in the heat of discovery, and Ian's calendar has often been double- and sometimes triple-booked with depositions.

Ian respectfully requests a 30-day extension for Respondent's initial brief and designation of matter. As this would be our second extension request, we are planning to file the request today in the form of a motion to the appellate court, and I have attached a draft of our motion for your information/review. Would you please respond to this email indicating your consent to this request?

If you have any questions or concerns, please do not hesitate to contact me. Thank you in advance for your prompt attention and consideration.
