S.C. SUPREME COURT

2-13-25

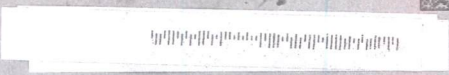

I want to bring to the court Attention that I first off would like the court to know that my lawyer errored by not challenging the warrant because states that I did break into said property and so it states the law in which the crime falls under he should ask what evidence that the officer gave the magistrate Judge besides a statement that he is given the Judge off a investigation that another officer did that he has no first hand knowledge of he is going to the magistrate Judge with here say because he has no first hand knowledge of what actually took place or not also my lawyer did not show that on the same morning of the said crime the so called victim went in put a eviction notice on me Duke Wheeler the same morning of said crime that they state the crime happen also in my plea hearing he states "that there was paper work and stuff like that in magistrate court" But he never present the paper work to the Judge and he did not argue the fact that the items that was found did not belong to Michael Lynn Boyd But actually belong to his daughter

and that Burglary is not actually based
on the House or Building that was broken
into but actually the possession of said
Person the possession actually belong to
He also did not argue ya that the
Items and Machete that I Dante Wheeler
was found with was actually the said
Items that was used to break into the
House in this said crime this is
all I have at this time for this
pro say response
