RE: State of South Carolina v. Alan Nix - motion to remove Benjamin Mack (as well as any and all other persons related in any way whatsoever to Benjamin Mack)

Dear Ms. Harrison and Ms. Abbott Kitchings.

I wrote to you about this issue in mid December. A typed copy of that correspondence is included for ease of reference. (the original obviously had to be painfully handwritten)

As of today, I do not have a copy of the transcripts from Nov 2024 nor have I received any documents whatsoever from the County of Charleston / Cameron Blazer, etc. which were requested in the companion letter you received with the aforementioned letter. At least as it pertains to the County of Charleston, Cameron Blazer, etc., I seriously doubt if this lack of response is an oversight.

Due to a prolonged illness for the last month or so, much of which is directly related to this situation, I have not been able to sufficiently follow up on these issues as appears to be necessary. I did however send a reminder a couple of weeks ago.

Please accept this letter as notice that it appears impossible for me to submit the motion to remove Benjamin Mack, etc. this week as I stated in December that I planned to do but know that I am in the process of taking additional action to get the required transcript(s) and documents from the County of Charleston to not only submit this motion to remove but to provide additional information to the Office of Disciplinary Counsel in support of disbarment complaint 24-DE-L-1591.

With that said, I am hopeful that I will be able to get this required information and submit the motion to remove within the next several weeks. If additional actions are required to obtain the required information, I will ensure that you are copied or otherwise made aware.

Thank you.

Yours truly,

Alan Nix

PS: I also have not seen a copy of you all's affidavits related to you all's advice to Mack sometime between 18 Sep 2024 and 24 Sep 2024. Obviously you all's advice to Mack, etc. about these issues last year are necessary to not only reference in my motion to remove but also for the Office of Disciplinary Counsel complaint and other likely legal actions.

RE: Letter dated 14 Nov 2024, case # 2024-001926

Dear Ms. Kitchings & Ms. Harrison

Please accept this brief letter as a response to your letter dated 14 Nov 2024 and specifically addressing the issue you raise; "because you are represented by counsel", which I assume references one Benjamin Mack. If my assumption is correct, please be advised I will be filing another motion to remove Benjamin Mack with the Court of Appeals as soon as I am able to do so and have access to the necessary information to ensure this issue and Benjamin Mack are finally addressed in a manner which prevents the County of Charleston Public Defender Corporation and Benjamin Mack from engaging in any further misconduct leading to further injuries to myself. As further information related to my course of action related to these parties, please find enclosed a copy of a letter to Cameron Blazer and Mack entitled "RE: Initial notice of intent, notice to preserve all evidence and prepare for discovery request".

In case further clarification is required at this point, please understand that I will not tolerate Benjamin Mack, Cameron Blazer or anyone else associated with the County of Charleston utilizing the appeal process to further injure me and simultaneously conceal their own misconduct.

Benjamin Mack and Cameron Blazer have known for an extended period of time that a significant conflict of interest existed between them and I requiring them to have alternate / conflict free representation be appointed. My forthcoming additional motion to remove Benjamin Mack from any and all cases related to me will lay these numerous issues out in detail. For now, I believe it is sufficient to remind the court that I am, assuming such is even possible, even more committed to ensuring Benjamin Mack is disbarred, seeking significant financial damages from him and making him sufficiently unemployable that he leaves South Carolina.

With that said, Benjamin Mack stated on the afternoon of 24 Sep 2024 that you all had advised him to file a motion to be relieved in response to my appeal filed 18 Sep 2024. Given the overall timing of these events, your advice to Benjamin Mack to seek his removal for, even to you, obvious conflicts of interest clearly requiring such, must have occurred sometime between the morning of 19 Sep 2024 and the early afternoon of 24 Sep 2024. Please draft an affidavit detailing your communications with Mack during this time frame with a particular focus on the topic of Mack seeking removal and your advice related to him being required to do so given the circumstances.

Until I am able to submit a comprehensive motion to remove Benjamin Mack related to any and all cases involving me, including but not limited to any and all appeal cases, please place all such cases on hold and reflect Benjamin Mack in a provisional capacity, pending my motion to have him removed, and not authorized to represent me. I have already ordered most, if not all, of the needed transcripts to complete a comprehensive motion and coupled with the discovery information sought in the enclosed letter I am confident that Mack's removal will be an obvious necessity, as it has been for well over a year at this point.

Please complete the requested affidavit about you all's advice to Mack in September to file a motion to be removed and provide to all involved parties, including the Office of Disciplinary Counsel to include in complaint 24-DE-L-1591. Also, please let me know if I must submit anything related to these issues prior to submitting the comprehensive motion articulated above. I assume it will be late February 2025 before I have all the transcripts and required discovery from Mack and Blazer to complete said motion.

Thank you in advance for your help with this serious issue. Obviously much trouble for many could have been avoided if Mack had heeded your advice in September instead of continuing with his clearly improperly motivated and ongoing misconduct.

Best regards,

Ms. Blazer and Benjamin Mack.

A more formal and detailed version of this letter will be sent to you as soon as is feasible after my release.
