### **Regarding Respondent's Statement**

1. The appellants did not request 23 10 day extensions of time (230 days) from the Appeals court. We have only requested ans have been granted 4 10 day extensions from the Appeals court.

### **Appellants Comments and Concerns**

1. The appellants did not request 23 10 day extensions of time (230 days) from the Appeals court.
2. The appellants did not have any issues or problems when the respondent requested multiple extensions when he went out of town multiple times.
3. The respondent keeps coming up with absurd reasons and lies to try to get this case dismissed
4. The respondents should have charges brought against them for lying and sending false accusations against the appellants to the court or something along those lines
5. The appellants don't have the luxury of having an attorney because most attorneys don't handle these types of cases and the ones that do can't take the case due to the fact that they have had prior dealings with either the respondent or his attorney.
6. The appellants send the respondent copies of all the paperwork that they send to the Appeals Court

7. The appellants have evidence that the respondent Mr. Zylar and judges have done what they are doing to the appellants to other people in order to steal their land
