To The Supreme Court of South Carolina
I Donald E. Brown # 317616 Warden Correctional Institution
have been incarcerated for seven and a half years because
evidence was withheld by William Tetterton Lawyer
who my family hired on 6-23-05 evidence Barney Giese
ignored Solicitor E. Donald Brown and my family hope
The Supreme Court of South Carolina will listen to the
Truth the evidence that's never been seen in the Court
of law the Passenger fender of my 1998 Jeep that
show the five year old boy ran into with his bicycle 6-19-05
my brother Gary Brown and family set out 6-20-05
to talk with a lawyer they went by the office of Senator
Vincent Sheheen told Mr. Sheheen who we were and why
we were there Mr. Sheheen said it would be a conflict of interest
because a family member of the little boy worked at
his office Mr. Sheheen said go talk to William Tetterton
we did same thing told Mr. Tetterton who we were and
why we were there one of the main questions what was
said about the accident The little boy was left alone
on his bicycle as the vehicle Donald was driving at
a speed of about 35 to 40 mph on a 55 mph road
the little boy darted out into the roadway hitting
the vehicle in the side of the passenger fender causing
the accident Mr. Tetterton wanted to know how we were
going to pay the total cost of his service \$15,000

On 6-20-05 my Brother Gary and Family let William Tetterton know we own some property in Kershaw County and Fairfield County. William Tetterton said I am not Donald Lawyer until I look at the evidence go by Kershaw County Courthouse to look at the deed to the property attend a bond hearing if a Judge give a bond William Tetterton made that clear. Mr. Tetterton said I will represent Donald at the Bond hearing but was not Donald Lawyer until he know the amount of Donald Bond to see if the property in Kershaw County would cover the bond and the property in Fairfield County would cover his \$15,000 fee to defend Donald for a felony DUI 6-19-05. The Supreme Court of South Carolina on 6-20-05 William Tetterton made my brother Gary the contact person because Gary worked at KCMC Kershaw County Medical Center which not its Kershaw Health. On 6-22-05 around 1:00 PM to 2:00 PM Mr. Tetterton call Gary at his Job and ask Gary to stop by his office when he got off work 4:00. The South Carolina Supreme Court I Gary Brown walked into William Tetterton office spoke to his secretary William Tetterton stepped out with a big smile on his face Gary I can win this case I see where the little boy ran into the side of the passenger fender of the 1998 Jeep Donald was driving

On 4-10-06 on the advice of his Lawyer
William Tetterton pleaded guilty thinking 1 to 3 Years
Donald wanted to get this matter behind him to
bring closure to the Spradley family and the
Brown family knowing he was wrong for drinking
and driving but did not cause the accident.

9-16-06 Judge Casey Manning sentence Donald to
13 years in prison. Dirty politics in Kershaw County
Barney Giese ignored the evidence William Tetterton

withheld the evidence. Barney Giese said in one of
the documents he did ^{not} know what happen to the fender
Dirty politics in the state of South Carolina

if you don't know what happen how can you charge
a person with a crime. This should have been a DUI
not a felony DUI. On 9-22-06 Gary went by William
Tetterton office and got the evidence the passenger fender

from William Tetterton evidence Storage Building
this compelling evidence was only about 100 yards
from Judge Manning Court Room. Let me talk up a
little it was two skid marks right at the dirt drive way and bicycle
driver side skid mark across the center of the road
the passenger tire skid mark about 90% to center
Barney Giese said the accident happen 90 feet from
the dirt drive way big lie.

The South Carolina Supreme Court on 8-14-12
Donald had a PCR hearing. Tara Dawn Shurling
was Donald's lawyer. One thing the Brown family always
said William Tetterton ^{did} not use a private investigator

On 8-14-12 William Tetterton was on the stand at
Donald's PCR hearing. Tara Shurling asked William Tetterton
where is the evidence the documents from the
private investigator. Mr. Tetterton answered I don't have
any documents. Tara Shurling said so you didn't use
one but my client and his family paid you for one.

The Supreme Court of South Carolina I Gary Brown
had to work with E.C. Harrelson and Martha Robinson 803-337-2251
now First Citizens to get a lost recorded mortgage
at the Court House in Fairfield County because Mr. Tetterton
never turned the property deed over to First Citizens Bank.
The Brown family paid the loan off around 12-20-08
it was late 1-09 or 2-09 before we got the lost
recorded mortgage.

The Supreme Court of South Carolina the Brown
family have paid Tara Dawn Shurling, P.A.
3614 Landmark Drive Suite D Columbia, SC 29204 803-738-8622
\$11,735.90 we still owe Tara Shurling \$100,000

The Supreme Court of South Carolina William Tetterton

Section 5 of the Real Estate Settlement Procedures Act (RESPA) requires the following: • HUD must develop a Special Information Booklet to help persons borrowing money to finance the purchase of residential real estate to better understand the nature and costs of real estate settlement services; • Each lender must provide the booklet to all applicants from whom it receives or for whom it prepares a written application to borrow money to finance the purchase of residential real estate; • Lenders must prepare and distribute with the Booklet a Good Faith Estimate of the settlement costs that the borrower is likely to incur in connection with the settlement. These disclosures are mandatory.

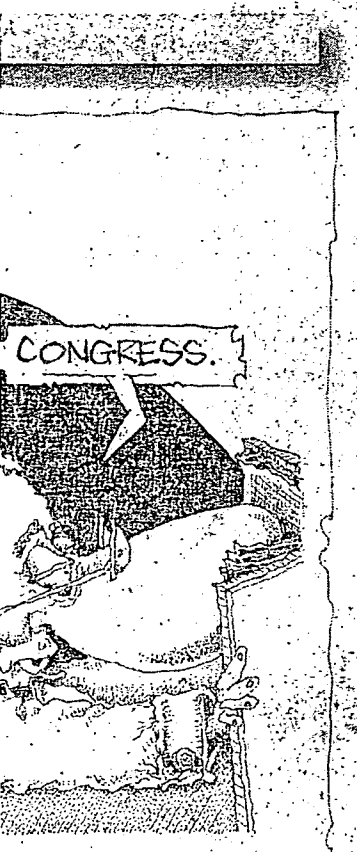

Section 4(a) of RESPA mandates that HUD develop and prescribe this standard form to be used at the time of loan settlement to provide full disclosure of all charges imposed upon the borrower and seller. These are third party disclosures that are designed to provide the borrower with pertinent information during the settlement process in order to be a better shopper.

ture, as we have seen in our

fountains.
Other city and community discussions, still in embryonic stages, center on improving our recreational facilities, hopefully in partnership with the county. County Administrator Vic Carpenter and his second-in-command, Allen Trapp, have been providing enthusiastic leadership in this area, most recently in conversations about creating a county-city riverfront park with boat ramps for crewing as well as individual canoeing and kayaking. Imagine multiple acres of riverfront land for family and community picnics, concerts, and river sports competition. Several possibilities on the Lugoff side of the Wateree River are being discussed. In all cases, we need community buy-in; we need your ideas; we need your networking. Please speak up and keep speaking up. As I keep saying, we are an extremely accomplished group of people in this, our extended community of Camden/Lugoff/Kershaw County
