“Inconsistent Statements”

If you look at the transcript with Judge Heath Taylor, Banks, and Felders, Banks specifically says, **she's trying to adverse possess, "I mean let me not talk to much" She's trying to steal.** With this statement, it's inconsistent, it's significant for Appellant to bring this to the appeals court attention and inform the appeals court. I will also like to take further action for the false information knowingly permitted in the Court of Common Pleas of CALHOUN COUNTY Circuit Court in South Carolina causing biased decisions.
